Infidelity Analyst Hosts Panel Discussion “Why Men Cheat – The Male Perspective”

Infidelity Analyst and Amazon’s bestselling author of The Sidepiece Handbook, toniwo moderating a panel discussion on Why Men Cheat- The Male Perspective in Houston, Tx on April 8, 2018, @ 4:30pm.

HOUSTON, TX – (April 8, 2018) – In today’s world, infidelity and affairs are a growing phenomenon. Many women wonder why men cheat even if they still love their wife/girlfriend. Nothing feels worse than being cheated and lied to by someone you love very dearly. Women who get cheated on feel enraged, frustrated, disappointed and broken.

Women are extremely sensitive and being cheated, they suffer greatly and the first question that comes to their minds and that they keep asking themselves is: “Why do men cheat? Why does this happen to me?”

Relationships are not easy. Any relationship can become vulnerable to an affair and the truth is that most men who cheat still love their partners. So why do they do it to the women they love? Of course, every situation is unique but there are some common reasons why men cheat.

Hear from an awesome panel of Men (married, single and a connoisseur of sidepieces) as they openly share their experiences and advice to answer the question, WHY DO MEN CHEAT?

The panel discussion on Why Men Cheat – The Male Perspective will bring encouragement, strong opinions, and insight. Come be a part of the dialogue!
